

SECTION 3.XX BSD-W BUSINESS SERVICE DISTRICT

3.XX.010 Definition:

The business service district is intended to be, as nearly as possible, compatible with the zoning ordinance of the City of Whitefish and to create defined areas that are appropriate for nonretail limited commercial services and light industrial uses in proximity to the City of Whitefish. Typical uses would be light manufacturing and component assembly, office/warehouse showrooms, contractors, wholesale trades, and other nonretail commercial services of a destination nature. The grouping of uses shall be incorporated in order to develop as an island rather than as a strip. Landscaping will be extensive with good quality and effective screening and buffering.

3.XX.015 Acceptance of an application for BSD-W zoning will be contingent upon a site plan, vicinity map and building concepts for the area requested being submitted for review. The site plan, vicinity map and building concepts will address each of the following:

1. The site plan shall include all buildings, structures, parking, driveways, sidewalks, utilities, drainage, landscaping and signage.
2. The site plan shall demonstrate conformance with the zoning regulations and other applicable county regulations. All projects constructed in accordance with an approved site plan shall be permanently maintained as approved.
3. The vicinity map shall include surrounding parcels, buildings, structures, circulation systems and major physical features.
4. Shared driveway access or frontage roads (whether public or private) are required where possible to provide a cohesive internal circulation pattern and to limit access onto arterials and collectors when development contains multiple commercial uses.

3.XX.017 Implementation of Site Plan and Vicinity Map:

1. Once the site plan and vicinity map have been adopted, they shall be considered zoning and shall serve as the guidelines for the development.
2. Prior to any site development, a detailed site plan shall be submitted to the zoning administrator to demonstrate compliance with the approved site plan and vicinity map. Any desired subsequent changes shall be submitted for approval as an amendment to the site plan.
3. Minor deviations to the site plan shall be allowed which do not involve more than ten percent (10%) of the building site for a single building. This would include, but is not limited to, the location and/or expansion of the building, parking lot location, signage, number of parking spaces and landscaping. Minor deviations to the site plan shall be reviewed and approved by the zoning administrator.
4. Substantial modifications to the site plan will be required to be reviewed and approved by the County Commissioners. Substantial changes would include,

but not be limited to, an increase in the number of buildings, major changes in access or circulation, an increase in building size by more than ten percent (10%), major changes to signage and major changes to landscaping design and location.

3.XX.020

Permitted (BSD-W):

1. Agricultural/horticultural/silvicultural use.
2. Ancillary retail or showrooms, less than fifty (50%) percent of the gross floor area of each individual lease space or tenant
3. Animal hospital, veterinary clinic.
4. Contractors' storage yard and building supply outlet.
5. Dance, drama, and music school.
6. Dwelling, single family.
7. Farm equipment sales.
8. Feed, seed and farm supply, including grain elevators.
9. Home occupation (See Chapter V – Performance Standards and Chapter VII – Definitions).
10. Homeowners park.
11. Light assembly and manufacturing, fabrication, including light food manufacturing and processing, repairing, packing or storage facilities in enclosed buildings, provided that such uses do not produce objectionable impacts beyond the lot lines and do not involve materials that are explosive, hazardous or toxic.
12. Livestock.
13. Nursery, landscaping materials.
14. Parcel delivery service.
15. Park and publicly owned recreational facility.
16. Personal services with incidental retail sales.
17. Print and copy shop.
18. Produce stand.
19. Professional offices.
20. Public utility service installation (A minimum of five feet of landscaped area shall surround such building or structure).
21. Repair of equipment and consumer items such as appliances, clocks and watches, lawn and garden equipment, computers, televisions, shoes, furniture, and small engines, (no outdoor storage permitted).
22. Riding academy, rodeo arena.
23. Small equipment sales, rental and repair conducted indoors, (no outdoor storage permitted).
24. Stable, public and private.
25. Wholesale trade and warehousing, including offices and showrooms.

3.XX.030

Conditional Uses (BSD-W):

1. Accessory apartments.
2. Ancillary retail or showrooms, more than fifty (50%) percent of the gross floor area of each individual lease space or tenant.
3. Churches and other place of worship.
4. College, business school, trade school.

5. Commercial caretaker's facility in a detached accessory building in conjunction with a business.*
6. Convention hall facility.
7. Day care center.
8. Kennel.
9. Mini-storage.
10. Research laboratory and institution.
11. When not shown on the initial site plan required for zoning or rezoning properties, all new structures with a gross floor area of ten thousand (10,000) square feet or greater, existing structures where an addition causes the total floor area to be ten thousand (10,000) square feet or greater, and additions to structures where the total floor area already is ten thousand (10,000) square feet or greater.

*Administrative Conditional Use Permit (See Section 2.06.045)

3.XX.040

Bulk and Dimensional Requirements (BSD-W):

1. Minimum District Area: 5 acre.
2. Minimum Lot Area: 1 acre.
3. Minimum Lot Width: 125 feet.
4. Setbacks:
 - A. Minimum Yard Requirements for Principle Structures:

| | |
|--------------|---------------|
| Front: | 30 feet. |
| Side: | 10 feet each. |
| Side Corner: | 30 feet. |
| Rear: | 15 feet. |
 - B. When a property abuts the following features, the abutting setback shall be increased to the following:

| | |
|-----------------------------|----------|
| Agricultural – use or zone: | 30 feet. |
| Residential – use or zone: | 30 feet. |
| Stream – high water mark: | 20 feet. |
5. Maximum Height:

| | |
|-----------------------|----------|
| Principle Structures: | 35 feet. |
| Accessory Structures: | 24 feet. |
6. Permitted Lot Coverage: 40%.
7. Maximum Fence Height:

| | |
|--------|---------|
| Front: | 4 feet. |
| Side: | 6 feet. |
| Rear: | 6 feet. |
8. Off-Street Parking: See Chapter VI – Parking and Loading.

3.XX.050

Additional Design Standards (BSD-W):

1. One commercial use permitted per gross acre. Multiple commercial uses should cluster development to include both shared parking areas and internal road access. Buildings shall be grouped into localized areas and shall not be developed in a linear fashion.
2. Clustering:
 - A. Clustering of uses includes incorporation of common shared areas such as courtyards to create central nodes of business/development as opposed to linear development.
 - B. Clustering should include shared access, parking, landscaping, with the overall development designed to protect surrounding properties from adverse impacts.
 - C. For the purpose of clustering, the site will be developed as one lot. Property setbacks for commercial uses shall not apply except for separation from residential uses. This allows for cohesive development on multiple properties developed in conjunction with an overall development theme or business park plan.
3. Landscaping:
 - A. Landscape design shall be in accordance with the concept of a business park. A combination of landscape materials should be arranged in a harmonious manner as an integral part of the project design to enhance building design, public view and interior spaces and provide buffers and transitions, as appropriate.
 - B. Landscaping shall comply with Section 5.05 and parking lot landscaping shall comply with Section 6.13.010(2).
 - C. Exposed utilities, storage areas, machinery, installations, service and loading areas and similar accessory areas and structures shall be set back to the primary structure requirements or screened to minimize the loss of views, privacy and the general aesthetic value of surroundings.
4. Signage:

A combination of natural materials and colors should be arranged in a harmonious manner that complements the overall design of the site and does not create visual clutter, distractions for passing motorists or the obstruction of important architectural or landscaping features.
